Greeting from Rev. Fr. Vijay Angel Kadiyam parish Priest and the Director of Tribal Mission Centre. First and foremost I would like to thank you wholeheartedly for your generosity and kindness.

I am working in the tribal mission centre of my diocese and **St. Ignatius of Loyola poor tribal children orphanage** is attested to this mission. **This is a very remote forest area.** The tribal population is very poor due to inapproachability and ignorance. There are two primitive clans mostly living here. They are **Koyas** and **Kondareddies**. They are very poor. They have no lands of their own. They are living on the mercy of the land lords. This is a **Typhoid, Malaria, Prone area**. Sometimes we see the whole village together and other times few villages' together suffering due to these deadly diseases. **No proper electricity.** I get frighten to see children walking in the darkness, because deadly poisonous snakes are very common here.

There are 62 poor tribal children in this poor tribal Orphanage. I have been trying to provide needed things for their education. Maintaining Orphanage in this forest is not easy. **I am suffering to maintain the poor tribal children orphanage.** I am making many sacrifices to provide good meals to them. I am praying and looking to all the possible ways to improve the conditions at the orphanage. I humbly request you on behalf of innocent children to support this orphanage in its maintenance in this Holy festive season. **Please try to see the possible ways to help these poor children in this festive season.**

I wish you a very **Happy Christmas and a bright New Year 2017.** May the companionate Child Jesus who in love came as human being thus in love we all become divine. Love means sharing. God shared our humanity in love and we share His Divinity in love. **In love everyday is a Christmas.**

Thanking you, I remain in praying for you.

Yours Sincerely in Christ the Lord,

FR. Vijay Angel, R.
Rev. Fr. Vijay Angel Kadiyam, Parish priest & Director,

local support. I have requested some agencies to support me in this task. I have been trying to get help through the bishop. No help is promised by any one.

The hut in which we are Praying is very badly damaged and the street dogs are dwelling in it. It is stinking and the bad smell is very horrible. So we have started the construction depending on His and on his Providence.

Please try to help me in this task in your own way that is possible.

Looking forward to your generous support I remain in praying for you and your team family.

Yours sincerely in Christ Jesus,

Fr. Vijay Angel Kadiyam
